You leave her black and blue  
You're like a thumb screw  
She's had enough of you  
Can you feel it?

The things you put her through  
The things that dogs do  
It's time for something new  
Can you feel it?

The day of reckoning's finally here  
Because things aren't always as they appear  
And though you always controlled The Game  
You should know what happens when you play with  
flames...

She's a girl on fire  
She's a girl on fire...  
She's a girl on fire  
Spare a penny for the guy and throw him on the pyre  
She's a girl on fire  
She's a girl on fire...  
She's a girl on fire  
Spare a penny for the guy and throw him on the pyre

You leave a nasty taste  
The taste of human waste  
She wants her own space  
Can you feel it?

She was a holy place  
You chose to debase  
You won't be saving face  
Can you feel it?

Every woman is somebody's daughter  
But your nemesis will show no quarter  
Your lies were just a will o' the wisp  
Now Cinder's gonna burn you to a crisp...

She's a girl on fire  
She's a girl on fire...

She's a girl on fire  
Spare a penny for the guy and throw him on the pyre  
She's a girl on fire  
She's a girl on fire...  
She's a girl on fire  
Spare a penny for the guy and throw him on the pyre
