She's so hot, she's so fine
I thought it out a thousand times
It's dangerous, no fear
But what she wants, I got right here

I'll bite and howl and tear her to bits, yeah
She is the one to scratch my itch
Oh yeah, she's my pill, she's my fix, oh yeah

Give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker

Give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker, alright

Lone walk, long stroll
So what, it's bought and sold
Ten to one, but no chance
I took the odds for the Devil's dance

I sealed the deal and she said, "Yes"
So, I put my hands right up her dress
And she said, "What's been taking you so long"

Give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker

Give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker, alright

'Til then, give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker

Give me one more night
Heartbreaker
Down on your knees
Heartbreaker

Just one more night
Heartbreaker
Is all that I need
Heartbreaker, alright, oh yeah

Oh, heartbreaker, c'mon
Oh, heartbreaker
