

Airbourne "White Line Fever"

Visit "[White Line Fever](#)" on MotoLyrics.com

Truck stop of the border
Deep down in Mexico
Runnin back to California
With a fresh cut heavy load

White line fever
It's summer time again
White line fever
It's business time again

Flying in to New York City
Bringin' the king pin piece of mind
That all his pawns west of liberty
Will be well fed this June, July

White line fever
It's summer time again
White line fever
It's business time again

From Colombia
Up through Mexico
To Atlanta
All up and down the east coast
From Juarez over to LA
Houston, Miami we, got it made
White line fever
It's summer time again
White line fever
It's business time again

White line fever
White line fever
White line straight down my vein
White line drivin' me insane
White line fever give it to me straight
White line fever hit me again
White line fever I can't get enough
White line fever I love that stuff
