Well, the stars were singing,  
That night in the city,  
When I first laid eyes on you.

You appeared like a vision,  
Apart from the rhythm,  
That lives on the avenue.

Oh, my heart was afire,  
Alive with desire.  
I felt it burn under my skin.

And right there I wondered,  
If this was the thunder,  
Of romance about to begin.

Lightning struck,  
But I felt no pain.  
I stood there laughing  
In the pouring rain.

And to whisper your name...

[Chorus:]  
Elena, my love.  
You bring out the stars up above.  
Come closer Elena,  
And take all my love.  
[End chorus]

Yeah, in the cool of an evening,  
I found the meaning of love,  
In your arms.

You held me so tight,  
As we laid in the midnight,  
I fell in the spell of your charms.

But the night birds were callin',  
As if they were warnin',  
And later was only a dream.

'Cause that night in the city,  
The sirens stop singin',  
And that's when she comes back to me.

Lightning strikes and I feel no pain.  
I stand here laughin' in the pourin' rain.  
Whisper your name...

[Chorus]

I wasn't lookin' for a lover,  
But you were apart from the others.  
Won't you lay down,  
And sit by my side.

Ahhh yeah...

[Chorus] 4x
