This safety pin
Is the only thing
Attaching us both
theres no need for help
Not just yet.

This safety pin
piercing our skin
I'm drawing some blood
Your pencil is blunt
Do you feel better?

Wait around, in tears I've shed
Where I'll visit time to time

This safety pin
linking our hands
I'm afraid of your eyes
there nothing like mine
Forever for forever

This safety pin
Is keeping me comfortable
This secrecy is meterestics(?) to me.
Forever for forever

And when I wake up
Will you remember me
Will you remember me
Forever, for forever

Wait around
In tears I've shed
Where I'll visit from time to time
Wait around
hard on the ground (?)
Colored pavement pain
It's over

+...*clapping*...+

This pin

(will hold us for a)
moment
and no more
This pin
(will hold us for a)
moment
and no more

+...*screaming*...+

a town

+...*screaming*...+

a town

Wait around
Wait around
and I'll visit from
and I'll visit from
Wait around
In tears I've shed
Where I'll visit from
time to time
(6x) Wait around!
