This song's going to you
The one who's so confused
The one who feels so used

You don't have to wait
For all this silly fate
The things you cannot make

And hey
What are you going to say?
What are you going to do?
When it's all said and done

I watched you from afar
Wishing on every star
Saving every penny

And I used to feel the same
Like everything's a game
But all I kept doing was losing

So hey
What are you going to say?
What are you going to do?
When it's all said and done

Hey
What are you going to say?
What are you going to do?
When it's all said
When it's all said and done
