You said everything's going to be alright  
Going to work out this time  
And I'm sure daddy's in bed  
Thinking 'bout my life and how to make it right now  
It's a long way home  
It's a long way home

And it's too late for wanting  
The best thing for me now  
So walk by  
And you can't keep saying  
The same thing to me now  
So walk by

Take back the promises you made  
And break free from all the things that you have left  
behind  
'Cause it's a long way home  
It's a long way home

And it's too late for wanting  
The best thing for me now  
So walk by  
And you can't keep saying  
The same thing to me now  
So walk by

Everything has a reason for it  
Everyone has a story to tell  
Everything has a reason for it  
Everyone has a story, don't they?

It's a long way home  
It's a long way home  
It's a long way home  
It's a long way home

And it's too late for wanting  
The best thing for me now  
So walk by  
And you can't keep saying  
The same thing to me now

So walk by

It's a long way home

It's a long way home
