\*PREVIOUS LYRICS COMPLETELY WRONG!!\*

We, before there was we  
We, before there was we  
She only she, me merely me  
Lonely

Walking, walk, walking away  
Just to lift a leg to start is the hardest part  
I turn and trip on my clumsy heart  
I always trip, on my clumsy heart

We, before there was we  
She only she, me merely me, lonely  
Lonely...only...  
We, before there was we  
She only she, me merely me, lonely  
Lonely...only...in our...diaries  
We were in two halves, we didn't quite match  
She ground down my corners  
Kissed me for the foreigners  
Spilling their drinks  
Down the nicest clothes they packed

Walking, walk, walking away  
Just to lift a leg to start is the hardest part  
I turn and trip on my clumsy heart  
I always trip, on my clumsy heart  
On my clumsy heart

She always just inches from me  
Inches on a map  
Distance or Destiny  
Will you will, will me away  
'Goodbye' is no good, time to say who should stay  
I know a dive hiring nights near Japantown

We, then there was we  
Calls only calls, cellular fees  
We tragically re-read entries...  
We, then there was we  
Calls only calls, cellular fees

We tragically re-read entries...in our diaries  
We were terminal at the terminal  
We she'd all our metal  
Kissed me for the federales  
Scanning our bags for contraband and blades

Walking, walk, walking away  
Walking is the hardest part

Walking, walk, walking away  
Just to lift a leg to start is the hardest part  
I turn and trip on my clumsy heart  
I always trip on my clumsy heart

Walking a walk  
I always trip  
Walking a Walk  
On my clumsy heart  
Walking a Walk  
I always trip  
Goodbye is no good, time to say who should stay
