ya now and then i see you at school,
then you pretend that you dont see me
wavin at you,
but now things are bad between me and you,
ya im so sad and i never wanna fall in love again...
playin tricks on me,
why cant you see this is who i really am
its you who is mean,
i wish i couldve seen before i fell in love.

ya me and you,
doesnt that sound cool?
well i guess not cuz,
you never really gave me a chance to,
try and prove myself to you,
to us
i dont know why but i know that i will fall in love again,
playin tricks on me,
why cant you see this is who i really am
its you who is mean,
i wish i couldve seen,
before i fell in love
