You never let the in and you never figured it out
So we do thinking, we always blux you up
You always let me down, but that piece is back again
You had all the time to try, you never realized
Whatch you meant to me, watch your means to me

A gun lost inside a stone seems to be in your head
So open up your eyes
You did the words you promised, never to forget
I give you my life
Before you follow your heart I lock it, guarded it hard
This stuff can set you free
My love can set you free

Let me love you
Let me in again
I have been waiting, trust me, take my hand
Let me love you
Let me in again

Your time warns with giant, shaken hope is gone
So step in through the light
A broken mind cure all away of every wound
But I'll be by your side
So you can find me it seems who you supposed to be
And giving one more try
And give us one more try

Let me love you
Let me in again
I have been waiting, trust me, take my hand
Let me love you
Let me in again
I have been waiting, trust me, take my hand
Take my hand, take my hand
(ooooo)

Till I seek it, I won't believe you
Say you love me, tell me you need it
Till I seek it, I won't believe you
Touch me so like no one has dreamed

Till I seek it, I won't believe you
Spare your hour out, give me a reason
Till I seek it, I won't believe you
I won't believe it, I won't believe it

Let me love you
Let me in again
I have been waiting, trust me, take my hand

Let me love you
Let me in again
I have been waiting, trust me, take my hand
Take my hand, take my hand.
