"Running Away"

I sleep out before first light
The stars well be my guide,
A room starve I'll chase the dark till morning
If you notice that I have God
it's nothing that you've done

I just realize, this world's not gonna wait for me.

I'm running away
You won't catch up to me
I'm running away
Don't try to stop me
(Don't try to stop me)

My feet grow so heavy but
I've got to keep moving
The past cleans to my hills
Waiting every step.
The heart break, the broken dreams
It's no use repeating
I lay inside the waiting
Rest some string ahead.

I'm running away
You won't catch up to me
I'm running away
Don't try to stop me.
My heart is beating just like a drum
The world is calling my name I'm finally free to run
I'll leave it all behind
And just keep breathing.

One ride, one step before the night
So breathe in, breathe out with no regrets I'm fine
These moments mine, ohh
All of the things when I have done
And nothing compares to what's still come it's true
I'll make my move, ohh.

I'm running away
You won't catch up to me

I'm running away
Don't try to stop me
My heart is beating just like a drum
The world is calling my name I'm finally free to run
I'll leave it all behind
And just keep breathing.
Ohh
Just keep breathing, ohh

My heart is beating just like a drum
The world is calling my name I'm finally free to run
I'll leave it all behind
And just keep breathing.
