In dark corners hidden from light  
Lives a secret they try to hide  
Cuts and bruises, a thousand broken dreams  
The whispers turn into screams  
Can you see my eyes?

Can you hear me cry?  
You don't know my name, feel the shame  
Deep down inside

If you wanna know where this story goes  
We all play the same, stop the pain  
Bring back our life

You can't make me crawl  
I know I'm not here alone  
I'm not far soon  
I know I'm not all skin and bone

The daughters that grow up too fast  
Never knowing their love could last  
We're surrounded, leave it alone  
I need a lot to come alone  
Would you save a life, scared to join the fight  
We could be the change, end the shame  
Deep down inside

If you wanna know where this story goes  
We all play the same, stop the pain  
Bring back our life

You can't make me crawl  
I know I'm not here alone  
I'm not far soon  
I know I'm not all skin and bone

Give me some patience, give me freedom  
Don't leave me behind  
You can't make me crawl  
I know I'm not all skin and bone  
Skin and bone

Give me a light of my own  
And I want more than skin and bone  
Give me a light of my own  
I know I'm more than skin and bone

You can't make me crawl  
I know I'm not here alone  
I'm not far soon  
I know I'm not all skin and bone

Give me some patience, give me freedom  
Don't leave me behind  
You can't make me crawl  
I know I'm not all skin and bone  
Skin and bone
