How did she end up in this place?  
Woke up next to a stranger's face  
Her inhibitions lie wrinkled on the floor  
Her heart is guilty, she feels sick  
The room is spinning, it won't quit  
It's time to go home  
But now it's too late to say

I can't do this  
I won't break this promise  
I can't do this

I know I made a horrible mistake  
It's unforgivable  
You'll never forget it, will you?  
Oh no.  
Believe in me and know my faults  
Am I so unforgivable?  
Please forgive me, will you?

The flashback's playing in her mind  
His tempting lips, his lying eyes  
She's had one too many and can't trust herself  
On her way home, she starts to cry  
Time to confess this shameful lie  
No need for words now  
He will see it on her face

I can't do this  
I won't break this promise  
I can't do this

I know I made a horrible mistake  
It's unforgivable  
You'll never forget it, will you?  
Oh no.  
Believe in me and know my faults  
Am I so unforgivable?  
Please forgive me, will you?  
Please forgive me, will you?

And he whispered in her ear,

Baby, won't you please stay the night with me?  
You and I don't know we could be never again.  
And he whispered in her ear,  
Baby, won't you please stay the night with me?  
You and I don't know we could be never again.

A lie.

I can't do this  
I won't break this promise  
I can't do this

I know I made a horrible mistake  
It's unforgivable  
You'll never forget it, will you?  
Oh no.  
Believe in me and know my faults  
Am I so unforgivable?  
Please forgive me, will you?

Please forgive me, will you?  
Please forgive me, will you?
