Don't need no music to feel the soul
Don't need no dance steps to make it go
Don't need the words to sing it sweet
Don't need nothing to hit the floor and shake your feet

CHORUS

Soul drippin's gotta pick you up
Soul drippin' still it fills your cup
Soul drippin' shake your love and mind
Soul drippin's get you on the line

You dream the dances you used to know
Because everything now has got to go
When power gets to you and turns you all around
Then you taste the drippin's of a soul sound

(Chorus)

Grab a girl and shake your feet
Nothin' matters, just the driving beat
Or maybe you just wanna sing it out
Words don't matter, just sing and shout yea

(Chorus)

Soul drippin'
Soul drippin'
Soul drippin'
Soul drippin'
Soul yea
Soul yea
Soul yea
Soul yea
