Get down girl go ahead now shake it shake it shake it
shake it. 2x

I'm laughing at this battle, watching boys and girls
play games. I watch you as you slowly falter, and how
you strive for any status at all! Well the night is so
young, she's got her mini skirt on, hot damn that girls
on fire, the boy just wants to get off, and she just
needed a fix, let's see how far this gets you.

Get down girl go ahead now shake it shake it shake it
shake it. 2x

Let's stop and rewind, the scene is so played out with
alterior motives disguised, and your facade is so cute,
but with nothing to show for girl I think you need to
simmer down, and I've seen enough now and that's
right bitches I'm calling you out!

Well the night is so young, she's got her mini skirt on,
hot damn that girls on fire, led to believe he'll get off
and she takes another hit, let's see how far this gets
you.

Why can't you see why can't you see, what you're
doing to yourself,
Why can't you see why can't you see.

She'll dance around this town, fucking young rock
boys. Stand here and watch you crumble, stand here
and watch you fall.

You screwed everyone to make it through, but you
never got a clue baby you're just ?

Now the suns coming up, just as you're coming down,
god damn that girl's a train wreck

And that fool never got off, the scene bitch did all his
drugs, now look how far this got you.

Why can't you see why can't you see, what you're
doing to yourself,
Why can't you see why can't you see.
