She walks in,

As i'm walking out.

Sould I try this once again?

Sould I try this once again?

And as we kiss,

I remember how it felt,

To fall in love when I was young,

But I cant get that feeling back.

She tried to killers coming?

Maybe i'm just to jaded now.

I tried to killers waiting.

But dont say you dont care,

I know you do.

[But, I won't leave i'll try and pretend]

And I won't leave ill try and pretend.

'Cause we've got nothing to loose,

But us so here we go again.

I know you found preaching,

But i wont stop from thinking,

That when this ends we'll be the worst of enemies.

[I know]

And as she leaves,

I remember times we've said,

"Can we try this once again? 'Cause baby, you're just
what i need!"

And as the night grows cold,

Well hold me close dont let me go.

We got it all wrong,

But baby, we'll figure it out.

As you say you care,

I know you do.

[But, I won't leave ill try and pretend]

And i wont leave ill try and pretend.

'Cause we've got nothing to loose,

But us so here we go again.

Dry your eyes.

[Dry your eyes]

Stay calm.

[Stay calm]

I feel so alone,

And i do know.

[I know that i was wrong]

This is our love,

[I know that i was wrong]

And we'll try again.

[I know that i was wrong]

The winner is.

Is.

But we never made it.

I could back down and cut it out,

But i cant take another second without you here.

We tried time and another pass and time.

Maybe im the one to blame?

Girl just know i love you too

And now were done,

But here we go again.

I know that i was wrong.

I know that i was wrong.

I know that i was wrong.

I know that i was wrong.

I know that i was wrong....
