IãfÂ§Ã,Â£Ã...Â½ a grown up now  
whatever it means  
the older I get the more it seems  
IãfÂ§Ã,Â£ÃçÂ€"e given up to be afraid  
It was a matter of time  
just a Milky Way

Not a crisis more like a transformation  
another stop on a higher station  
and whatãfÂ§Ã,Â£ÃçÂ€" the most important part  
IãfÂ§Ã,Â£Ã...Â½ standin' up for what I like

Awakening  
from within a dream  
shifting moments  
endless stream  
receiving and giving  
golden beam  
IãfÂ§Ã,Â£Ã...Â½ awake in the truth  
I am a dream  
IãfÂ§Ã,Â£Ã...Â½ a woman now  
and by all means  
the stronger I get the less I seem  
to be a judge , to fool myself  
to live in the now itãfÂ§Ã,Â£ÃçÂ€" all it means

Stick

Like popcorn  
every cell is awake  
'what used to be real  
was just a fake
