The first time
she burned him with her eyes
He was drinking coffee
at the cafe she was working at
She didn't see him
she didn't look his way
He was making poses, but I guess
she didn't notice that

Oh Daniellas Eyes
oh, they drive him wild
Oh Daniellas Eyes

He was lost in Daniellas eyes
I can tell you no lies

It is true
and her eyes were beautiful
and green
the most beautiful eyes ever seen

Then last night
he passed outside her house
He could see the shadow
of somebody walking in the room
He closed his eyes
and wished himself inside
to the girl he loved so much
and to the green eyes open wide
