Meant to be  
So many things around us happening beyond belief  
Just like the river's running faster to be running free  
And there's a reason why it's planned so perfectly

Venga cariño no pienses mas en las cosas que te han  
pasado  
Ven conmigo  
Live for the moment just let go and trust in the feeling  
Let it flow like a river  
Life is a river

On and on  
I hear the echo of a woman and a silent song  
And as the wheels are turning faster, we're still  
holding on  
Until the river's running wild into the sea

Venga cariño no pienses mas en las cosas que te han  
pasado  
Ven conmigo  
Live for the moment just let go and trust in the feeling  
Let it flow like a river  
Life is a river

Break  
Just let it go just let it flow  
Life is a river don't you know
