No need to over do it  
we might as well go thru it  
'cause I hear that you're down  
and I know what's on your mind

You think you got the answers  
but you don't even know the questions  
when you say that you're right  
could it be that you're out of line

Words unspoken  
by you and me  
when the bond is broken  
It all comes down to

Say what you mean, mean what you say  
Don't put it off for another day  
If you love what you do  
doing what you love  
then the quality time I'm thinking of  
won't get lost on the way  
On a present delay

You're walking thru the fire  
pushing it higher  
when you can't see the woods for the  
trees  
then you're gone too far  
You better take it easy  
your words don't have to please me  
and I'm not afraid if you show  
who you really are

Chorus

So now you live another lie  
Oh, you didn't even try  
Tell me why???  
Tell me why???

Chorus
