In this town there's so many stations
tune is the one
that feels right for you
When you feel a little lonely, yeah
when you're feeling sad
I'm here to prove
that ain't that bad
Because

I am your radio
I sing you a song
Radio, radio
I song you a song
If you're willing to turn on me

Zapping and searching
creating vibrations
until you find your own
freaked out frequency

When you feel a little lonely, yeah
when you're feeling sad
I'm here to prove
that ain't that bad
Because

Repeat

Radio, radio
You're my radio
