Ethiopia is our homeland, Ethiopia is our homeland
We no want no money lover there,
I ya no want I'm no want no money lover there
Because them sell out I ya father, for Gold and Silver
Higher higher 3x
Higher Higher Watch them burning 2x

You must just
Anxious
You just concious
You must not anxious
You must just concious

Cause Iya no Want no
No false naya
Iya no want I'm no want no false naya

Cause I ya will
Burn them,
Burn them with fire
Iya will burn them burn them with fire

Higher Higher
Higher Higher
Higher Higher watch them burning
