These white sheets that dance over and under us  
Are whispering stories of where other lovers have  
been.

And I'll tell you romantic things in order to seduce you  
and unwind you.

I'll fulfill your fantasy because undressing is the best  
thing.

I know I don't look like a sex symbol, but I am pretty  
close.

I still got my eyes wide open for the next best thing.  
You threw yourself at me so we had an anytime state of  
mind.

I'll teach you things that you'd thought you'd never do.  
They'll be ready for the guy you think means  
everything to you.

I know a way how to keep you up all night  
Do you want me to make you feel alright?

Yeah! yeah!

Is it just for tonight?

Yeah! yeah!

Well that's alright. [x2]

I still got my eyes wide open for the next best thing.  
You threw yourself at me so we had an anytime state of  
mind.

I'll teach you things that you'd thought you'd never do.  
They'll be ready for the guy you think means  
everything to you.

Well hey there baby! I think you know exactly what I've  
done.

But I ain't trying to fool anyone.

It's time for you to get on home cause I ain't that kinda  
man.

I've done it once, and I'll do it again.

Forget your name and you'll regret you ever met me.

I still got my eyes wide open for the next best thing.  
You threw yourself at me so we had an anytime state of

mind.  
I'll teach you things that you'd thought you'd never do.  
They'll be ready for the guy you think means  
everything to you.
