It started when you said goodbye  
(This girl is trouble for my life)  
One night stands are all that she's known for so long  
Maybe I, maybe I should run away

So turn it up or turn me down,  
Don't leave me here waiting for you  
(I'm waiting for you)  
This night is ours girl, ours...  
This night is ours

So let's try this out,  
Take a breath and we'll move real slow  
Just promise me you won't, won't let go  
Let's try this out,  
Take a breath and we'll move real slow  
Real slow...

You said, you were waiting for...  
You said, you were waiting for me  
You said, what are you waiting for?  
What are you waiting for?  
What are you waiting for?

Let's try this out,  
Take a breath and we'll move real slow  
Just promise me you won't, won't let go  
Let's try this out,  
Take a breath and we'll move real slow  
What are you waiting for?

Let's try this out,  
Take a breath and we'll move real slow  
What are you waiting for?  
What are you waiting for?  
What are you waiting for?
