You make me fucking sick  
Surviving on sucking dick  
Just another wretched whore  
Drink till you hit the floor  
You only know what to do  
When they are inside you  
They don't make you feel beautiful  
But it's better than nothing at all

Where Demons Dare Sleep.  
You will find me dreaming  
And where the blind dare look  
I shall lay my head down  
Every second shall count  
Until dusk blesses my corpse

It's a good time as ever  
To get myself together  
So I can finally  
Step outside my front door  
Knowing that you're down  
I gotta get my shit together  
So I know you're alone

You can't create a monster  
And keep it quiet for forever after  
Cus one day it shall awake  
And realise it's mistake  
Of not destroying it's creator  
Love is such a beautiful thing  
Until it's taken you under it's wing  
And exposed it for what it is  
Blind.
