This situation  
Is getting mean  
Gothenburg was a heavy scene  
I packed a small one  
To keep it clean  
Man I gotta leave this routine

Twenty four hours  
Never sleeps  
Cats are scratching and there ain't no peace  
I've got to do what I've got to do  
To keep together what is left of the truth  
I want  
I need to wake from this dream  
Don't go away  
I'll be there soon  
I need you to heal my soul

[Chorus:]  
Hello Angel  
Come and hold me  
And keep me to yourself  
Nobody else  
Please believe me how I wanna go  
Take me home

This situation  
Is outa hand  
A storm has taken this foreign land  
I've got to prove what I've got to prove  
Or did you notice the broken dam  
I want  
I need to wake from this dream  
Don't go away  
I'm leaving soon  
I need you to heal my soul

Hello Angel  
Come and hold me  
And keep me to yourself  
There's no one else  
Please believe me how I wanna go

This picture of your face has got me in a spell  
I must be leaving again  
For the stage is set and the band starts playing soon  
My love

How many hours did I sleep  
Dogs are howling in the night for peace  
I've got to find out before the sun  
What is chasing and what's begun

[Chorus]

Hello Angel
