The day that you came to me  
Was the day that changed my world  
Those memories are sadder now  
Was I to know it would go wrong  
No I didn't leave you  
But we gotta get back somehow  
Never deceived you  
So stop running away  
I never want to hear you say  
I was living out a lie  
I'll always want to hear you say  
I want you I need you  
I never thought I'd find  
Someone who will always be there  
You know I'm gonna make you mine  
You said you'd come back again  
I never knew exactly when  
Never could accept the pain  
All the time I took the blame  
I want you I need you  
I never thought I'd find  
Someone who will always be there  
You know I'm gonna make you mine  
The day that you came to me  
Was the day that changed my world  
Those memories are sadder now  
Was I to know it would go wrong  
No I didn't leave you  
But we gotta get back somehow  
I never deceived you  
So stop running away'  
I want you I need you  
I never thought I'd find  
Someone who will always be there  
Gotta make you mine
