Used to love you like an angel
Runnin' blind into the sea
Now it seems there's no relation
Can't figure it out
Just what it is you want from me

Well I know
Nothin' lasts forever

I see the signs
The ties are breakin'
We're runnin' outa time
I see the lightning on the wall
Oooo - I feel a downpour comin' on!

My Time's Up
Find someone else to keep you satisfied
Ooo girl, you never know what you'll find
My Time's Up
Nothin' seems to keep you...

Used to be in fascination
Rushin' headlong to your door
Now I spend my time resenting
Tryin' to get myself back up off the floor

My Time's Up
Find someone else to keep you satisfied
Ooo girl, you never know what you'll find
Nothin' seems to keep you satisfied

Hard to get back
Time's a wastin'

My Time's Up
Ooo girl, you never know what you'll find
My Time's Up
Nothin' seems to keep you satisfied
