We see the rising forces
Zealots gone awry
I'll fated fools and deceivers
With murder in their eyes

There's no surrender!
Ooo - you know we gotta stop it now

One world
We're gonna make it through
One love
Only way we're gonna see it through
One heart
You know we gotta find our way
One world
Only thing that's gonna save the day

Impending darkness warning
It's written on the sky
Stone-hearted sultans and schemers
Indoctrinate the lie

There's no surrender!
Ooo - you know we gotta stop it now

One world
We're gonna make it through
One heart
Only way we're gonna see it through
One love
You know we gotta find our way
One world
Only thing that's gonna save the day

The charge of virtue calling
Exterminate the swine
This time of conscience befalls us
It's here we draw the line

There's no surrender!
Ooo - you know we gotta stop it now

One world
We're gonna make it through
One love
Only way we're gonna see it through
One heart
You know we gotta find our way
One world
Only thing that's gonna save the day

One world
We're gonna make it through
One love
Only way we're gonna see it through
One heart
You know we gotta find our way
One world
Only thing that's gonna save the day
