Found you in the dark  
Reeking of a cheap perfume  
Hiding in the park  
Why are you so alone?  
No one knows her name  
Is it just a good disguise?  
Just another fallen angel cast aside

[Chorus:]  
She says it's alright being alone  
As she hides from herself  
Turning Off The Emotions  
A broken angel sometimes in white  
Riding the waves 'till the fear and the fight is gone  
To another song  
What's so wrong?  
So she loves the sun

Found you in the car  
No more fuel a hazy day  
Have you gone too far  
Trusting no one

She says it's alright being alone as she hides from herself  
Turning Off The Emotions  
A broken Angel sometimes in white  
Riding the waves 'till the morning and moonlight says it's alright  
She is her home  
Finding herself Turning Off The Emotions  
A lonely angel searching for life  
Riding the waves 'till the fear and the fight is gone

Found you in the dark  
Drinking all that she could find  
Hiding in the park  
Still so alone

Says it's alright  
Leave it alone

[Chorus]
