You looked at her, she liked it
I am still mad
You don't care, you just leave me
I am so sad
Listen to me, I've got a plan
I'll dump you
The look on your face, stupid
You have work to do
Oh oh oh oh
Oh oh oh oh yeah

Chorus

We're done if you care
Now we're being fair
You did it to me
Now I see it completely
You don't even love me
Just using and accusing
Well we're done then x2

Don't bother texting me
I'll throw my phone away
You just lectured me
Every single day
So listen up now
I've just had enough
So leave me alone
Or times will be tough
Oh oh oh oh
Oh oh oh oh hey

We're done if you care
Now we're being fair
You did it to me
Now I see it completely
You don't even love me
Just using and accusing
Well we're done then x2

Ooooooooooh
Just say we're done

Please I'm begging you
Cause I don't want you back again
Cause you are a pain

We're done if you care
Now we're being fair
You did it to me
Now I see it completely
You don't even love me
Just using and acussing
Well we're done then x2

Whatever you say
I don't wanna play
So get lost
Your'e someone I can't trust

Uh huh
