You're off base
Out of line and in my face
Brace yourself-I'm coming through
And before you know what's hit you
You'll have heard my point of view

Trash is trash
Have I got your attention?
There's more that you should know
There's more I've got to mention
You've got to let it go

I was a child, another time, another place
Only a child would carry this so far
You're still in my face
I held it back, I was afraid
Didn't want to blow your cover
But I was on to your charade

Trash is trash
Have I got your attention?
There's more that you should know
There's more I've got to mention
You've got to let it go

CHORUS
Bronzing the garbage
There was a time I was impressed
Through all the garbage
It's still not you that I detest
I hate the way
You can't forget, I hate it so
Bronze what you want
But you've got to let it go

Have I got through?
Have I got through to you?
Gave it a shot-finally got to state my case
If you've heard nothing, please hear this
Don't get in my face

Trash is trash
Ahhhh...trash is trash

CHORUS

Have I got your attention
There's more that you should know
There's more I've got to mention
You've got to let it go
Hae I got your attention...
