There was a place and the name of the place escapes me
When I can't remember It irritates me Could be I
can't remember Could be I choose to not Let's move
along this song and try to find the plot There was a girl
and I dont' know her name either She gave me love
and I said I'd never leave her And if I did I'd come back
someday and find her Maybe I will, I should write down
a reminder One Day One day who knows? Someday
Someday I suppose There was a verse that I was gonna
write I haven't yet but there's still a chance I might An
open book that I still want to close so I'll find the time
Someday I suppose a place and time I wanna be and
spend the storyline that's happy in the end Plans are
made with promises so certainly uncertain, I can't wait
to set things straight before they close the curtain. One
Day! One day who knows? Someday! Someday I
suppose The more I sort things out, the more it gets
distorted. I sort of think I'm better off just leaving it
unsorted The more I try to change its course the more
off course it goes. Of course I'll reach my destination
someday I suppose Sort it out! Get Distorted! One Day
Who Knows! Hide Behind! Unreported! Someday I
Suppose! (musical interlude) There was a place and
the name of the place escapes me When I can't
remember It irritates me Could be I can't remember
Could be I choose to not Let's move along this song
and try to find the plot There was a girl and I dont'
know her name either She gave me love and I said I'd
never leave
