It was a rainy night in March  
A new show was being broadcast  
I didn't know what they were talking 'bout  
So I checked the TV program  
I heard someone asking loud  
On which channel the war was  
On which channel the war was  
They were talking 'bout channel war

Take our extinction  
And let's have it live!  
Make money over yourself  
The human race  
Enjoy it all fast before  
The martyr's at your door  
Save a prayer and close your eyes

Save us from the end  
We're nearer than ever  
We've barred the path we're on  
We'll fade away forever  
We are erasing all that we've created  
Save us or kill us but  
Hurry up!

Come and take my hand please  
Bring me out of this world  
There's no place for me now  
We're just walking on a wire  
And they're planning to take our extinction..
