You'd pains of hell,  
They cried for you  
Everyone forgot all 'bout you  
Today got out, you healed yourself  
Suffred a lot but never gave up

You're young  
And you're here again  
Smile today everywhere  
Please don't wait  
Our god is here  
Life is what we can feel

I'm scared of death  
I can't believe  
It could be a day  
In which I'm not alive  
I want to die, I want to live  
Give me a reason to remain sane

Oh my dear  
Have you ever known,  
Ever known who you praid?  
Please don't fail  
We only need a faith,  
Need a faith to be safe  
We are not safe  
Life's a veil

Walk accross beauties of life  
Forget the ghost of the past  
You're not here to ride a-part  
Look at your neighbours'flowers now  
Enjoy them all

I want to know  
Why we are here  
I can't find any truth by me  
I need your help  
I'm going down  
Hold my hand
