I have spent whole days
Looking for my way
Hidden by the rain
With the sun I've found
Memories in pieces
And my feelings bound
I've laid the blame on you but now
I know it's you
The one who lets me dream

Ah past relive in my trips inside of you
Gimme relief gimme just another kiss
Ah make me fly through the years of my youth
Ah make me cry make me die lady time

I had been walking for years
In the wrong direction blinded by desire
I've wasted lots of days cheating myself
With easy pastimes
I've laid the blame on you
But now I know it's you
The one who lets me dream

Lady time will lead me
Along the road of life
She exactly knows what I want
Lady time will kill me
And take me where she'll want
But now I get on higher
Day by day
