You, you've got my way  
Realized a new one  
As no one else  
You've got to breath  
All my moves  
Look up don't fail  
Fuck all chain rules

Don't need for kindness  
If you don't care for me  
Don't lie to me  
I need some love now  
No need to rail it  
Fuck all their rules

Well I can't bear, I hate  
Those all main kinds  
You have to live and let live  
We'll be all right

Well oh I'm an anarchic man  
Institutions came from anarchists  
Who you think you are?  
I love your mutual loyalty  
I love your simple modesty  
Anyone you are
