Walking all those days
In this jungle of traps
By chance as you know
I found out you
Inside of everyone
There's a million of doubts
Nothing that we know is for certain

Who knows, who knows I want you so I hope, I hope you want me too

Meggy flies with me On a desert see You are always here, ah ah Even you aren't here, ah ah

There's nothing that can stop me
When I am with you
Everything's all right
When I wake up
The first thing we feel
is the deepest truth
The first thing I felt
Was about you

Who knows who knows you want me so I know I know that I want you
