I've run after you for all my life
And now that you're here
I can't feel what I felt
I'm stupid enough to let you go away
And then be left alone with my regrets
It's hard to say, but maybe times are wrong
I shouldn't have waited all these days

But I know I'll find you again
You, stereovision dream
And that day we will pass the heliosphere
But now I'd better open my eyes

I've chased your light for all my life
And now that it's out, I don't know where you are
I feel like I've lost myself in your doubts
I feel like I've been chained to my fears
It's hard to say, but maybe now's too late
I should have caught the right time
