I am losing every control
I fade away
But I'll leave you, I'll find my way
No more I'll fall so down

Now you think you're free again
You think you are pleased
You're sure you forget my name
But you have forgotten that
I don't let you go away
I don't want to miss you dear
Cos you're chained to all my greeds
I will have your dependence
And you'll need me everyday
Now I'm only in your mind
I'll become your enemy
And I will steal your daydream

Come on baby you are not in heaven
That's not your heroine
Come on baby you are not in heaven
That's not your heroine
Come on baby you are not in heaven
That's not your heroin
Come on baby you are not in heaven
Just on dirty roads
You can change

Some strange voices
They have called me
They spoke of freedom
I am waiting for a meaning
I just don't know where to go

Two years have already passed
You're still knockin' on my door
But now you are not very sure
So you're at the terminus
Now run as far as you can
Out there you will see the sun
You think that you can't go out
You say that you don't want to live

So you said you want to die
But I know you will go out
There you'll start your way again
You will grow just like a rose

Come on baby you have found the heaven
And she's your heroine
And from the higher cloud
Make the change
