Lets write a song about you and me
We were in love and we were sixteen
You said baby lets dance can we dance all night
And if the sun comes up you know you've won me over
Baby lets dance can we dance all night
I don't wanna say goodbye

Maybe baby or just mabye this could last forever
tonight
And I don't wanna spend another night alone together
tonight
Gotta hold on gotta hold on I don't wanna let you go
Gotta move on gotta move on, there's something you
should know
And when the stars are what I see, you took the best of
you and me

You would be mine I knew it was true
You looked in my eyes and said I'm talking to you
You said baby lets dance can we dance all night
And if the sun comes up you know you've won me over
Baby lets dance can we dance all night
I don't wanna say goodbye

Maybe baby or just mabye this could last forever
tonight
And I don't wanna spend another night alone together
tonight
Gotta hold on gotta hold on I don't wanna let you go
Gotta move on gotta move on, there's something you
should know
And when the stars are what I see, you took the best of
you and me

Don't let go
Don't let go
I won't let go

Maybe baby or just mabye this could last forever
tonight
And I don't wanna spend another night alone together
tonight

Gotta hold on gotta hold on I don't wanna let you go
Gotta move on gotta move on, there's something you
should know
And when the stars are what I see,
Maybe baby or just mabye this could last forever
tonight
And I don't wanna spend another night alone together
tonight
Gotta hold on gotta hold on I don't wanna let you go
Gotta move on gotta move on, there's something you
should know
And when the stars are what I see, you took the best of
you and me
