I've been out, in the hall  
Running my hands on the walls  
Singing songs that hurt you, but you don't notice at all.  
But I don't mind, I take my time with things like this.

'Cause I've been waiting ooh.  
And I don't know, if we can make it from here  
So I'll keep twisting the truth, just to hold onto you  
Baby what do you do?

Bless the light, in your eyes  
Making me a circumstance of time  
But that's alright, 'cause I'll take my chance by your  
side  
And if it doesn't work then I don't mind, at least I tried.

'Cause I've been waiting ooh.  
And I don't know, if we can make it from here  
So I'll keep twisting the truth, just to hold onto you  
Baby what do you do?

She's always singing in her sleep  
The moon watches over me, I feel alive  
Her songs are always about me, she never misses  
anything  
She's always right.

Cause I've been playing  
Baby what do you do?  
Baby what do you do?  
(I've been)  
Baby what do you do?  
(Waiting)  
Baby what?

I've been waiting ooh ooh.  
And I don't know, if we can make it from here  
So I'll keep twisting the truth, just to hold onto you  
Baby what do you do?  
Baby what do you do?  
Baby what do you do?

(I've been, waiting)  
Baby what do you do?  
(I've been, waiting)  
Baby what do you do?
