When I need you
I just close my eyes and I'm with you
And all that I so want to give you
It's only a heartbeat away

When I need love
I hold out my hands and I touch love
I never knew there was so much love
Keeping me warm night and day

Miles and miles of empty space in between us
A telephone can't take the place of your smile
But you know I won't be travelling forever
It's cold out, but hold out, and do I like I do

When I need you
I just close my eyes and I'm with you
And all that I so wanna give you
It's only a heartbeat away

It's not easy when the road is your driver
That's a heavy load that we bear
But you know I won't be travelling a lifetime
It's cold out, but hold out, and do like I do

When I need you
I close my eyes and I'm with you
And all that I so want to give you
It's only a heartbeat away

I just hold out my hands
I just hold out my hands
And I'm with you darlin'
All that I so want to give you
It's only a heartbeat away

When I need love
I just hold out my hand and I touch love
I never knew there was so much love
Keeping me warm night and day

So just hold out your hand
Just hold out your hand
I'll be with you darlin'
All that I so want to give you
It's only a heartbeat away

We just hold out our hands
Hold out our hands
And I'm with you darlin'
Only a heartbeat away
