Tonight's the kind of night
Where all things come together
Tonight's the kind of night
Where nothing need be said
Tonight's the kind of night
Where all the lamps are burning
And nobody wants to go to bed

Some will have crackers and
Some will have pudding
Soup and crispies and home made bread
And no one will go hungry
And lovers will be faithful
We'll sip a little cup and
Then we'll sip another and we'll sing

Come all ye faithful tonight, sing out
Merry Christmas, oh yeah!
Ave Maria we'll try, one more time
Merry Christmas

Mommy's and Daddy's are loving all their children
And from a distant room
We can hear then giggling
One of them is dreaming
The world a little brighter
And everyone is listening
To the song in their head, and they sing

Come all ye faithful tonight, sing out
Merry Christmas, oh yeah!
Ave Maria we'll try, one more time
Merry Christmas

Tonight's the kind of night
The world won't hold us down here
From planet to planet
From star to star
We'll shire our little light
That everyone can follow
Tonight's the kind of night

Where all the lamps are burning
And no one will go hungry
And lovers will be faithful
Tonight's the kind of night
Where all things come together
Tonight I make a promise
That I will sing forever
Tonight the kisses fly from all out little fingers
And nobody wants to go to bed

Come all ye faithful tonight, sing out
Merry Christmas, oh yeah!
Ave Maria we'll try, one more time
Merry Christmas

Come all ye faithful tonight, sing out
Merry Christmas, oh yeah!
Ave Maria we'll try, one more time
Merry Christmas
Merry Christmas
