Now I'm losing focus,
Did you notice?
With your eyes trained on me
Of course not cuz you never,
Would have ever,
Dreamed your face is all I see

(You're all I see)

And if you can't dance tonight then you're alright
(We hate breaks and break hates 'till sunrise)
And if you can't dance tonight then you just might
(Break and let it go)

I hit the breaks so we could breakdown,
She tried to make me make her want to make out
And I'm not saying no...

Please, hold on, I can see you, but I can't move

(For every girl you meet there's a lover)

And if you can't dance tonight then you're alright
(We hate breaks and break hates 'till sunrise)
And if you can't dance tonight then you just might
(Break and let it go)

I hit the breaks so we could breakdown,
She tried to make me make her want to make out
And I'm not saying no...

If I had the chance to make this right,
I would stay awake for one more night

Keep up, keep up, don't let down
(I can't breathe I need you right now)
Step up, step up, just get ground
(I'm on my way)
[repeat]

And if you can't dance tonight then you're alright

(We hate breaks and break hates 'till sunrise)
And if you can't dance tonight then you just might
(Break and let it go)

I hit the breaks so we could breakdown,
She tried to make me make her want to make out
And I'm not saying no

I hit the breaks so we could breakdown,
She tried to make me make her want to make out
And I'm not saying no...

For every girl you meet there's a lover
