He's got the shakes now, a breakdown is in the making
Time for all in or get out, there's no more faking
He's had the room and he's deserved it
But now he's looking nervous

I'm better on the dance floor
I'm better at your door
And when you start to feel like something's missing at
the core
I'm better on the dance floor
(Better on the dance floor)

Oh, I wonder how it feels to get burned so bad even
your ego peels
You know I'm good for one more round
You're kind of a joke
Don't let that stop you now

I'm better on the dance floor
I'm better at your door
And when you start to feel like something's missing at
the core
I'm better on the dance floor
(Better on the dance floor)

I'll give you one more chance, take it to floor
You want to go? Let's dance
I'm going to let you know that the game you were
talking
is now just so embarrassing

I'm better
And I'm going to be the one to get her
Deal with it when you're out of luck
Stop telling me you don't give up, you won't get up

I'm better on the dance floor
I'm better at your door
And when you start to feel like something's missing at
the core
I'm better on the dance floor

(Better on the dance floor)
