How did I think it would be  
Maybe like a tv show  
Half hour episodes  
To solve everything and make you  
Absolutely happy  
Absolutely happy  
Now I've made you cry  
Never see it coming  
Always takes me by surprise  
That I don't make you  
Absolutely happy,  
Sure gonna try to make you  
Absolutely happy  
And why should I  
I'm as mixed up as the next guy  
And how could I  
I'm just a woman  
Who wants to be here by your side  
Wipe those tears away  
'cause they'll be here again  
Before we know it  
Just have one thing to say  
That I will never make you  
Absolutely happy,  
I'm sure gonna try to make you  
Absolutely happy,  
But I know I'll never make you  
Absolutely happy,  
Still I'll try to make you  
Absolutely happy
