

The Mooney Suzuki "Do It"

Just put your hands together, come on and move your shoes
get with the high vibration, electrocuted blues
now there's a white light shining, around that stereo
I can feel the floorboards shakin', now it's about to blow
Let's go!
One, two, three, four - Do it!
Well you got to get it, right now before it's gone
before it takes off, well you got to get on
everybody here, listen to your ear
you could use some music, in your atmosphere
Let's go!
One, two, three, four - Do it!
We don't need to see it, to believe it's real
you just got to feel it, you just got to feel
Let's go!
One, two, three, four - Do it!
Do it now! You gotta do it now!
