Shock in the socket
blues in the fuse
lettic and electric and uh lets get blues

all the young girls have a young use too
moving to the music and the amplitude

got a feeling been creeping up on me
must be the electricity

get ready, get set
what you get is electric sweat
oh, electric sweat

watch in my pockets
arms in my bones
hear me up a buyers and the microphone
hear the guitars in this rock and roll song
oh and it's turning everybody on

gotta feeling gotta get up and go
my gut stops rattle I just have to explode

get ready
get set
cause the eel pulls electric sweat
oh electric sweat, electric sweat, electric sweat

well, turn up the turbine, turn up the juice
turn on the turn table and turn me loose
just pass the lever, let the record stand
oh and turn it over and then we'll do it again

gotta feeling been creeping up on me
must be the electricity
get ready
get set
what you get is electric sweat
electric sweat, electric sweat, electric sweat

what you get is electric sweat
what you get is electric sweat

what you get is electric sweat
what you get is electric sweat
