And so they took him from me love
It was not enough, it was too much
And I don't know if I can stay here now
I learned and I was shown how to deconstruct and shut
myself out

Don't say these words that you don't mean
Yet again I can't believe
That's it's over now, that it's over now

And it's all in your head
No matter what you think she said
That it's all in your head

You should be nothing to me now
Kill the longing doubt reach inside and shout
And as this terror grows inside the man
Hang me by my hands
Strip me as I stand

Don't say these words that you don't mean
Yet again I can't believe
That's it's over now
That it's over now

And it's all in your head
No matter what you think she said
That it's all in your head
No matter what I think she said
That it's all in your head
No matter what you do it's true
That's it's all in your head

Don't say these words that you don't mean
Yet again I can't believe
That's it's over now
That it's over now

And it's all in your head
No matter what you think she said
That it's all in your head
No matter what I think she said

That it's all in your head
No matter what you do it's true
That's it's all in your head
